

# THE BESOM

sweep away suffering

In Ryedale

## A project the Besom have done!

The project was for a family in Malton with young children. They had a back yard which the children wanted to play in but which was full of rubbish and junk such as old tyres, rusty metal and wood. It was also dark and gloomy because of several large overhanging trees. A wonderful team from Elim Ryedale and a local C of E church set to work with shovels, brooms, bags, saws, loppers and a large trailer. The sun shone, the bags were filled, the branches were cut, the trailer was loaded and (after a tea break) the yard was rapidly transformed, much to the delight of the family. As a finishing touch, a wendy house was donated which the children are now greatly enjoying.

Clearing the rubbish from the yard!

Putting the wendy house up!

Part of the team!
